Crystal Clear Warranty - Gold

What is Covered

Depending on the terms and conditions, general exclusions and claim limits shown on your paperwork, Gold Cover will cover the cost of repairing any part or component listed below where the failure is a result of sudden and unforeseen mechanical or electrical fault. It does NOT cover wear and tear:

Note 1: Diagnostic costs are paid as standard (on covered components only).

Note 2: To avoid confusion if a part that needs repairing or replacing is NOT listed it is NOT covered.

- Individual Claim Limit: £1,000
- Aggregate Claim Limit: Price paid for the vehicle

Braking system

Brake master cylinder, calipers, wheel cylinders, brake bias and restriction valve, vacuum servo, brake vacuum pump, ABS wheel sensors, ABS pump and ABS module.

Clutch

Clutch, master cylinder, slave cylinder and clutch fork. (Replacing any part due to wear and tear is not covered.)

Cooling system

Radiator, oil cooler, heater matrix, thermostat, thermostat housing, water pump, viscous fan coupling, cooling fan and engine temperature sensor.

Electrical system

Alternator, starter motor, ignition coil, relays, electronic ignition module and distributor, cooling-fan motor, temperature sensors, oil-pressure sensors, fuel-tank sender unit, electric-window motors and switches, central-locking systems (not including wiring), wiper motors and switches, washer motor and pumps, headlight motors, multi switches, instruments, brake-light switch, reversing-light switch, heater resistor, heater motor, horn, ECUs and airbag system (not including wiring).

Engine management

Knock sensor, MAP sensor, airflow meter, camshaft sensor, crank sensor, oxygen sensor and TDC sensor.

Engine

Cylinder block, crankshaft, crank bearings, big-end bearings, oil pump, connecting rods, gudgeon pins, small-end bearings, pistons, piston rings, cylinder head, cylinder head gasket, rocker assembly, camshaft and camshaft followers, push rods, camshaft bearings, inlet and exhaust valves, valve springs, valve guides, inlet and exhaust manifolds, timing gears, timing chains, timing belts, tensioners, flywheel, auto drive plate and starter ring gear.

Final drive

Differential assembly, drive shafts including CV joints, prop shafts, universal joints and couplings, driveshaft bearings, wheel bearings and hubs.

Fuel system

Injectors, fuel pumps, fuel pressure regulator, auxiliary air valve, idle speed control valve, stepper motor, power valves, EGR valve and throttle body.

Steering

Steering rack and pinion, steering box, steering column, power-steering motor and power-steering pump.

Suspension

Coil springs, ball joints, shock absorbers, hydrostatic displacer units, hydro-pneumatic suspensions, accumulator sphere, control valve, suspension spheres and high-pressure pump.

Transmission

All parts inside the transmission casings and transfer box (excluding seals and gaskets).
